Product Descriptions

Standard Description – 30 Words

The 12-port USB-C Dual 4K Multi-Stream Mini Docking Station is your home-office connectivity solution, connecting displays, printers, scanners, mobile devices and more. Stream different 4K content to dual external displays, simultaneously.

Standard Description – 60 Words

The 12-port USB-C Dual 4K Multi-Stream Mini Docking Station is your home-office connectivity solution, connecting displays, printers, scanners, mobile devices and more. Slipping into your laptop bag, it's also your laptop travel companion—keeping you connected everywhere you go. At home or while traveling, you can expect the unexpected in notebook connectivity options. No worries, the VP6960 has your back—and your connection!

Long Description – 120 Words

The 12-port USB-C Dual 4K Multi-Stream Mini Docking Station is your home-office connectivity solution, connecting displays, printers, scanners, mobile devices and more. Slipping into your laptop bag, it's also your laptop travel companion—keeping you connected everywhere you go. At home or while traveling, you can expect the unexpected in notebook connectivity options. No worries, the VP6960 has your back—and your connection!

Using the VP6960's dual 4K ports, stream different 4K content to dual external displays, simultaneously. Connect to local-area-networks, display 4K & HD presentations on up to three external monitors, projectors and flat-screens. Connect to mobile phones, tablets, peripherals and more; or simply charge your laptop and connected devices via the VP6960's 100W USB-C Power Delivery port.

Features & Benefits

Features

- **Extend Mode for macOS** – Powered by a dual-prong USB-C upstream cable, the VP6960 Mini Docking Station enables viewing multiple screen images or video feeds simultaneously on up to 2 external 4K/UHD displays. The VP6960 supports MacBook Pro, MacBook Air, Mac Mini, and the new Apple M1 systems (M1 computers support one external monitor).
- **Dual 4K Multi-Stream Triple Video** – Combining dual 4K HDMI and a single VGA port, view independent screen images simultaneously up to 4K resolution in Extend Mode. Support up to 3 external output devices with HDMI and VGA connectivity.
- **100W USB-C Power Delivery** - An integrated USB-C Power Delivery Port delivers up to 100W power to charge notebook computers, mobile devices and the station's other supported USB peripherals.
- **Ultra-Connectivity** - The VP6960 provides fully-loaded notebook connectivity with 12 ports, including dual 4K HDMI ports, a VGA port for legacy displays, four USB ports, SD and SD/Micro Card Readers, a 1-Gigabit Ethernet port, a 3.5mm audio port, and a 100W USB-C Power Delivery port.

- **Home Office Connectivity** – The USB-C Mini Docking Station is your home office connectivity solution, enabling viewing on multiple monitors, connecting to external drives and printers, joining local area networks, charging mobile devices and more.
- **Road-Ready** - Slipping easily into your travel bag, the compact VP6960 keeps you connected, everywhere you go.

Benefits

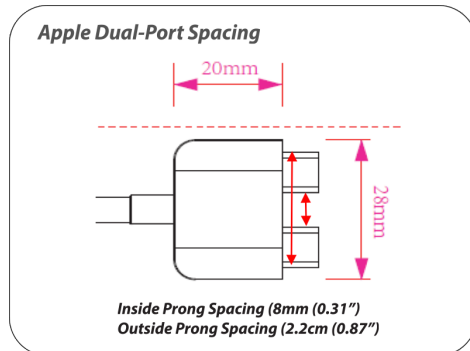

- **Home Office Connectivity** – Connect multiple home office monitors, printers, scanners, drives, cameras, mobile devices and local area networks—all with the VP6960.
- **Traveling with Your Laptop** - Slip the road-ready VP6960 into your travel bag and stay connected and charged, everywhere you go.
- **Multi-Stream Triple Video Support** – Display two independent screen images simultaneously in 4K resolution on up to 3 external output devices. The dual-prong design enables dual 4K multimedia viewing for MacBook computers with Intel processor, and for Windows systems.
- **No Worries** – Whether you're working from a home office or traveling for business, you never know when you'll need to connect to printers, scanners, cameras, external displays, local area networks and more. No worries, the VP6960 has your back, *and your connection!*[®]

Specifications

System Requirements

- Hardware
 - Available of 2 USB-C ports, with distance between the inner edges of the 2 ports 0.31-inch (8 mm), and 0.87-inch (22mm) between the outer edges.
 - Supported MacBook Systems:
 - MacBook Pro 15.4" (2016): DP1.2
 - MacBook Pro 13" (2017): DP1.2
 - MacBook Pro 15.4" (2017): DP1.2
 - MacBook Pro 13" (2018): DP1.2
 - MacBook Pro 15.4" (2018): DP1.4
 - MacBook Air 13" (2018): DP1.2
 - MacBook Pro 13" (2019): DP1.2
 - MacBook Pro 15.4" (2019): DP1.4
 - MacBook Pro 16" (2019): DP1.4
 - MacBook Air 13" (2020): DP1.4
 - MacBook Pro 13" (2020): DP1.2
 - Mac Mini (2018): DP1.2
 - Mac Mini (2020): DP1.2
 - **Apple's new M1 Computers – support only one external monitor in Extend Mode. These include:**
 - MacBook Pro 13" with M1 (2020): DP 1.4
 - MacBook Air 13" with M1 (2020): DP1.4
 - Mac Mini with M1 (2020): DP 1.4

- Operating System
 - macOS (10.12 & above)
 -
- Hardware Requirements
 - Dual Thunderbolt 3/USB-C ports
 - Port spacing: The distance between the inner edges of the two ports is 0.8cm (0.31inch), and the distance between the outer edges is 2.2cm (0.87inch).

Physical Connectivity

- Attached Upstream USB-C Cable with Dual-Prong
- 4K HDMI ports (2)
- VGA up to 1080p (1)
- 1-Gigabit Ethernet RJ45 (1)
- USB-C with Power Delivery up to 100W (1)
- USB-A 3.0 (2)
- USB-A 2.0 (2)
- SD & Micro/SD Card Readers (2)
- 3.5mm (1/8") Audio Port (1)

Product Dimensions / Weight

- 5.2" (L) x 2.2" (W) x 0.6" (H) / 4.7 oz
- 132 (L) x 55 (W) x 14.7 (H) mm / 133 g
- 9.3" (235mm) cable length

Package Contents

- VP6960 Mini Dock
- User Guide

Warranty

- 1- Year Manufacturer's Limited Warranty
